

Jacqueline Jackson

My name is Jacqueline Jackson and I am a new Governor at St Margaret's School. I have lived in Prestwich all my life and attend St Margaret's Church, where I also teach at Sunday School.

I am married and we have two children, now adults, who enjoyed their school lives thanks to the excellent staff teams and the governing bodies that were behind them.

I have a particular interest in supporting individuals with additional needs and celebrating 'difference'. I belong to several organisations who campaign for and support children, young people and adults who may/may not require some extra help at different times and situations.

I am a qualified Social Worker and have worked in many different roles both as a Practitioner and as a Senior Manager. These include Child Protection Social Work, Residential Social Work with both Children and Adults, Teaching/Lecturing/Assessing in Child Care/Health and Social Care, Primary School Learning Mentoring etc.

Until recently I worked for the NSPCC, working therapeutically with children and young people who had experienced different types of abuse. After the Manchester Centre closed down last October I decided to work independently as a Practitioner and Consultant.

I also have keen interests in art, walking my dog, exploring new places and trying new things. I look forward to being involved in the Governing Body and supporting St Margaret's School.
