

L Murphy

I have been a parent governor now for 3 years and take an active role across a number of committees including chairing the Health & Safety committee; where I work closely with the head teacher and staff to monitor Health & Safety across St Margaret's. I will also act as a liaison for parents and will represent their needs towards the school and governors.

In my career, I am a qualified teacher in the Further Education Sector – having taught across both adult, FE and Apprenticeship education. In my role as the Learning and Development Co-Ordinator in Cyber and Digital Awareness for Lancashire Police, I teach about online safety to police, staff and the public. My work within this area enables me to offer support and guidance to the school in this area.

I have 2 children, with one still a pupil at St Margaret's and my eldest now in year 7. St Margaret's is fantastic school that provides a great level of teaching and learning, as well as self-development, setting them on their path for their future. I am proud to be both a parent and a parent governor to help and support this vision
